The traffic flows down Country Club at this point and has no problem having a pedestrian/bicycle path but her concern is the proposed location of the path. She already has problems with people in her backyard and entering her home and would like the ability to have their concerns addressed and encouraged the County to get involved while there is still time.

Commissioner Hunthausen asked for clarification of her concerns being the location of the path or being a public right of way.

Vicky Sandberg, stated the concern is the location of the path.
