CERTIFICATIONS FOR APPLICATION

Each applicant must agree to comply with all applicable state and federal laws and regulations in implementing their proposed HOME project.

Listed in the following Certifications for Application are the most important federal regulations that apply to projects using HOME funds. They cover a wide range of issues including environmental impacts, labor standards, employment practices, financial procedures, and civil rights, many of which can affect the costs or complexity of project implementation. Each federal law or regulation is annotated to give the applicant a general understanding of the requirements that must be met. *This is a brief summary, and not intended to be a comprehensive description of each law.* Officials who have any questions or concerns regarding the applicability of these requirements should contact the HOME Program for guidance.

The *Certifications for Application* must be signed by the Applicant's chief elected official, chief executive or executive director.

MONTANA DEPARTMENT OF COMMERCE MONTANA HOME INVESTMENT PARTNERSHIPS (HOME) PROGRAM

The applicant hereby certifies that:

It will comply with all requirements established by the Montana Department of Commerce and applicable state laws, regulations, and administrative procedures.

It accepts the terms, conditions, selection criteria, and procedures established by the Montana HOME Investment Partnerships (HOME) Program and expressly waives any statutory or common law right it may have to challenge the legitimacy and propriety of these terms, conditions, criteria, and procedures in the event that it is not selected for an award of HOME funds.

It will minimize displacement as a result of activities assisted with HOME funds and assist persons actually displaced.

These laws and accompanying regulations require the grantee to provide relocation payments and offer relocation assistance to all persons displaced as a result of an activity assisted under the HOME Program. Such payments and assistance must be provided in a fair, consistent and equitable manner that ensures that the relocation process does not result in a different or separate treatment of such persons on account of race, color, religion, national origin, sex, source of income, age, handicap, or familial status (families with children). The grantee must assure that, within a reasonable period of time prior to displacement, decent, safe and sanitary replacement dwellings will be available to all displaced families and individuals, and that the range of choices available to such persons will not vary on account of their race, color, religion, national origin, sex, source of income, age, handicap, or familial status (families with children); that such individuals or families are reimbursed for all reasonable out-of-pocket expenses incurred in connection with the relocation; and that appropriate advisory services are made available to such displaced persons; and

If siting in a floodplain is the only practical alternative, the grantee must, prior to taking any action: (1) design or modify its actions in order to minimize a potential harm to the floodplain; and (2) prepare and circulate a notice containing an explanation of why the action is proposed to be located in a floodplain.
