RE: Bid Award Head Lane Bridge Prestressed Concrete Beam Supply

Dear Mr. Meredith:

This letter shall serve as notification that Rinker Materials is the successful bidder for the Head Lane Bridge Prestressed Concrete Beam Supply purchase for the base bid sum of \$117,638.50. Per bid documents, delivery of the beams to the project site must take place between July 1, 2025 and October 1, 2025 to comply with Montana Fish, Wildlife, and Parks 124 Permit requirements.

Coordination of the beam delivery must be made with the County-selected construction contractor. A representative from Rinker Materials will be invited to the prebid meeting prior to the County selecting the construction contractor to discuss the project.

Thank you for participating in the County's bid process. We look forward to working with you.

Sincerely,

Andy Hunthausen, Chair  
Board of County Commissioners
