## **RESOLUTION 2016-101**

## RESOLUTION TO CREATE THE GARDEN VALLEY RURAL IMPROVEMENT DISTRICT NO. 2016-3

WHEREAS, the Board of County Commissioners may order and create a rural improvement district upon the receipt of a petition to create a rural improvement district that contains the consent of all of the property to be included in the district, as per MCA 7-12-2102(2); and

WHEREAS, the attached letter, Exhibit "A", serving as the petition to create a rural improvement district, contains the signature of the owner of property to be included within the district; and

WHEREAS, the designated items set forth in MCA 7-12-2103(2) are as follows:

- (a) The designated number of the district is 2016-3.
- (b) The boundaries of the district are shown on Exhibit "B".
- (c) The general character of maintenance of Garden Valley Drive, Tiller Court, Sower Court, and Truck Farm Drive includes, but is not limited to, snow plowing, culvert cleaning, crack sealing, savings toward a future chipseal, and miscellaneous work as needed. Maintenance of stormwater improvements and savings toward replacing the mailbox unit is also included. The maintenance of on-site fire protection improvements for the Garden Valley Subdivision is included within the scope of service for the district. However, costs are not included, and the district's maintenance subtotal will need to be adjusted by a resolution levying and assessing the district if this item is to be included in maintenance work.
- (d) DOWL is the engineer to have charge of the work. The estimated cost for funding said maintenance is \$10,748.06 per year, including an administrative fee, as shown on Exhibit "C". Benefited properties of the district will be assessed \$290.49 annually to fund said maintenance. All maintenance funds collected for the district will be spent solely on maintenance activities authorized in this resolution within the district.
- (e) The method by which the costs shall be assessed is described in MCA 7-12-2151(d): "each lot, tract, or parcel of land in the district [will] be assessed an equal amount based upon the total cost of the [maintenance of improvements]."
- (f) Pursuant to MCA 7-12-2103(2)(f), "if an increase occurs in the number of benefitted lots, tracts, or parcels within the boundaries of the proposed district during the term of the bonded indebtedness, the assessment per lot, tract, or parcel then in the district will be recalculated as provided in MCA 7-21-2151(4)."

NOW, THEREFORE, BE IT RESOLVED by the Lewis and Clark County Board of Commissioners, that it does hereby create the Garden Valley Rural Improvement District No. 2016-3.

BE IT FURTHER RESOLVED that the Lewis and Clark County Public Works Department is authorized and responsible for coordinating maintenance as described on Exhibit "C" within the district boundary as shown on Exhibit "B".

DATED this 22 day of Aveenber, 2016.

LEWIS AND CLARK COUNTY BOARD OF COMMISSIONERS

Michael Murray, Chairman

Paulette DeHarl, Clerk of the Board

ttachments: Exhibit "A", Exhibit "B", and Exhibit "C"

Re:

Garden Valley Subdivision, Final Plat Requirements Petition to Amend Rural Improvement District (RID)

## Dear Commissioners:

According to the Lewis and Clark County GIS maps, Garden Valley Subdivision currently lies within the Applegate RID but outside any other RID or SID. It is outside the boundaries of any zoning areas. Condition of Approval #16 states:

"In cooperation with the County, the Applicant shall create a Rural Improvement District(s) and/or Special District(s) to address the maintenance, preservation, and repair of the following: internal access roads within the Garden Valley Subdivision; the fire protection improvements for the Garden Valley Subdivision; stormwater improvements and detention ponds for the Garden Valley Subdivision; and all common areas/improvements within the Garden Valley Subdivision"

Therefore for purposes of maintenance of the internal access roads, the fire protection system, which is currently located in an approved off-site location, and the internal stormwater improvements, including the ponds, and all common areas/improvements within Garden Valley Subdivision, listed in the conditions above, I hereby petition Lewis and Clark County to create a Rural Improvement District in accordance with MCA Title 7, Chapter 12, Part 21.

County policy requires signatures of 60% of the owners to form and RID or SID. I am the sole owner of Garden Valley, therefore satisfying this requirement with my signature hereto.

Larry Kim Smith

Owner, Valley Construction of Helena, LLC

Cc: Ryan Casne, P.E., Casne and Associates, Inc.

Matt Heimel, L&C County Special Districts Coordinator

Lindsay Morgan, L&C County Planner
