

## **Michael Cobb**

I'm part of the 3rd generation on a family ranch. Becoming an adult, my father recommended finding a dependable source of employment. He said: "You'll go broke ranching!" - Of course, we replied back: "You should never have raised the family in such a beautiful setting!"

I joined the county weed district to gain more knowledge on attacking invasive weed species. Knowledge is power! Being part of this county weed district incentives 'the war on weeds'!

Land sustainability with a holistic approach on invasive weeds and weed education to the general public are my main focus.
