

Neil Snow

Member at Large (Seat 1)
Position: Board member
Seat Term Ending: 12/31/2026
Serving: 1st Term

I am a plant taxonomist. Two focal areas have included the study of grasses and floristic surveys in the Rocky Mountain states. I work locally around Helena to help mitigate the spread of musk thistle and have taught classes in Invasive Species Management and Invasive Plants. My wife and I enjoy the lifestyle in Helena, especially its wonderful system of trails.
